PROJECTS

Forumbrella | https://github.com/deadmosquito/Project3 **|** https://blog-project3-ucla.herokuapp.com/
- Forumbrella is a great place to share news and blogs with one another using individual profiles.
- Scraped the news and created the registration page.
- ReactJS, Node.js, MySQL, Express, and JavaScript.

weBay | https://github.com/deadmosquito/Project2 **|** https://project-2-ucla.herokuapp.com/
- weBay is an eCommerce site that has kitchen wares featured. It has a user profile to sign into as well.
- Created the registration page.
- Sequelize, Express, Handlebars.

Memory Game | https://github.com/deadmosquito/clicky-game **|** https://arcane-bastion-15159.herokuapp.com/
- A memory game that tests your skills by remembering the faces in Game of Thrones.
- Created the entire application.
- ReactJS, Heroku

EXPERIENCE

Caterer   2017 – Present
200 Proof   Los Angeles, CA

Maximized customer satisfaction by quickly addressing and resolving complaints with service. Maintained professionalism while providing an amazing experience for our celebrity clients at over 100 events here in LA.

English Teacher   2018 – 2019
Poly Languages Institute   Los Angeles, CA

Created and implemented 4 unique lesson plans on a monthly basis; totaling over 65, modifying for differences in student learning styles. Created an atmosphere where the students felt free to engage and connect to foster a confidence to apply their skills.
Key Accomplishments:
- Consistently voted to be the #1 teacher of the month.

Business Manager   2015 – 2016
Cornerstone Ranch Apartments   Chandler, AZ

Managed day-to-day operations for 400-unit complex with over 600 occupants. Fully abstracted all leases and entered all pertinent information into our management system.
